

RED-WHITE VALVE CORP.

COMPANY PROFILE

OVERVIEW

RED-WHITE VALVE CORP. (RWV) is a leading manufacturer and supplier of innovative valve solutions for fluid control needs across diverse sectors. Our commitment to excellence, reliability, and customer satisfaction has positioned us as a trusted partner to businesses around the world. We serve clients ranging from small contractors to large multinational corporations, providing cutting-edge products that meet or exceed industry standards.

HISTORY

Over its long and prestigious history, RED-WHITE VALVE CORP. has maintained a significant presence in the plumbing, commercial, industrial and HVAC markets.

In 1971, RWV was founded as a joint venture between Mitsui & Company, Ltd. and Toyo Valve Company, Ltd. of Japan. By forging these two companies together, RED-WHITE VALVE CORP. grew from two relatively small companies into an internationally valued supplier of valves and related products to the Plumbing, Commercial, Industrial and HVAC markets.

In 2003, RED-WHITE VALVE CORP. was acquired by Valvoinindustria Ing. Rizzio (VIR) of Italy. Renowned for their fifty years of manufacturing the best bronze and brass valves in the world, VIR added to RWV the ability to supply our customers the highest quality products with the industries best brand name.

MISSION

To provide top-tier valve solutions that meet the highest standards of quality, reliability, and efficiency, empowering industries globally while maintaining our commitment to sustainability and innovation.

VISION

To be the global leader in valve technology, recognized for our innovation, dedication to customer success, and sustainable practices.

Leaders In Valve Technology™

CORE VALUES

- Quality
We deliver products that consistently exceed customer expectations and are built to last.
- Integrity
We conduct business with the highest ethical standards, ensuring transparency and trust in all our relationships.
- Customer Focus
Our customers are at the heart of everything we do, and we strive to provide unmatched service.
- Innovation
We continually push the boundaries of technology to develop state-of-the-art solutions.
- Sustainability
We are committed to reducing our environmental footprint and promoting sustainable practices in everything we do.

RESEARCH & DEVELOPMENT

At RWV, we invest heavily in research and development to stay at the forefront of valve technology. Our R&D team works tirelessly to develop new products and improve existing ones, ensuring that we can meet the evolving demands of our customers and the industries we serve.

MANUFACTURING

We operate advanced manufacturing facilities equipped with cutting-edge technology and automation. Our facilities are strategically located to ensure timely delivery and responsive customer support. We are equipped with CNC machines, both casting and forging systems, and advanced testing labs to guarantee the highest precision and quality.

PRODUCT LINES

A diverse range of valves and valve-related products, including:

- Balancing valves
- Ball valves
- Gate valves
- Globe valves
- Check valves
- Butterfly valves
- Pressure relief valves
- Radiator valves
- Strainers

Expertly crafted from durable materials such as:

- Brass (including LEAD FREE and DZR)
- Bronze (including LEAD FREE)
- Cast iron and Ductile iron
- Stainless steel and Carbon steel
- Thermoplastics

Designed to meet the unique needs of HVAC, plumbing, commercial and industrial applications

QUALITY ASSURANCE & CERTIFICATIONS

We adhere to the highest standards of quality control throughout the manufacturing process. Our products are designed and produced in compliance with rigorous international standards including:

- ISO 9001:2015 & 14001:2015 (Quality and Environmental Management Systems)
- NSF/ANSI/CAN
- CSA
- FM
- UL
- UPC

WHY CHOOSE RED-WHITE VALVE CORP.?

- Proven Track Record: Over 50 years of experience in the valve industry
- Custom Solutions: Tailored to specific project requirements
- Global Reach: Extensive network with 3,000+ international locations
- Customer Support: Dedicated technical support team providing prompt and professional assistance
- Sustainability Commitment: Eco-friendly production practices and responsible material sourcing
